

This is the season to give thanks. In this instance and although my appreciation is tardy, I wish to give full honors to all who were involved in helping the Rolling Hills Ranch Home Owner Association this fall.

We have a ditch that runs down Highway 60 in the front of our property. It becomes very congested with landscaping debris and grass. We have been very fortunate to find help with the Boy Scout Troop 561 here in Johnstown. They have taken on this project with all the gusto you could image. They enlist the help of many volunteers of family and friends and not in the least; to mention the donation of equipment from Dreamscape Landscape and Grand Rental Station to help these young leaders of our community clean up and re-landscape our drainage ditch.

Again, I say thank you and hope you have a very happy Holiday Season.
